

# SCW Basic Painting Suggestions

## 1: Republican Army

*According to Vallejo's Model Color 70 range chart*

*For all those seeking an easy painting schema, where ultimate colours shown are closer to the base coating applied at start – perhaps more intuitive than those shown at Minairons figures box reverses. Useful too for those willing to be offered multiple choices.*

| Element                           | Description                        | As suggested in Box      | My personal choice      | Even more choices     |
|-----------------------------------|------------------------------------|--------------------------|-------------------------|-----------------------|
| Helmet (Adrian type)              | (If coming from WWI French stocks) | -                        | 70-943 Grey Blue        | 70-901 Pastel Blue    |
| Helmet (Adrian type)              | (Otherwise)                        | 70-896 G.Camo Dark Green | 70-890 Reflective Green |                       |
| Helmet (Trubia type)              | Concrete Grey                      | -                        | 70-879 Green Brown      | 70-880 Khaki Grey     |
| Helmet (Czech type)               |                                    | -                        | 70-879 Green Brown      |                       |
| Uniform Tunic or Jacket           | Brownish-tinged Khaki              | 70-921 English Uniform   | 70-873 US Field Drab    | 70-875 Beige Brown    |
| Uniform Trousers                  | Like above, or civilian Browns     | 70-921 English Uniform   | 70-873 US Field Drab    | 70-983 Flat Earth     |
| Uniform Shirt                     |                                    | -                        | 70-819 Iraqui Sand      |                       |
| Overalls (alternative to Uniform) | Khaki                              | -                        | 70-988 Khaki            | 70-873 US Tan Earth   |
| Belting                           | Leather Brown                      | 70-818 Red Leather       | 70-985 Hull Red         | 70-846 Mahogany Brown |
| Boots                             | Brown mostly                       | 70-984 Flat Brown        | 70-984 Flat Brown       |                       |
| Gaiters (if worn)                 | Leather or Khaki                   | -                        | 70-886 Green Grey       |                       |
| Haversack                         | Buff                               | -                        | 70-819 Iraqui Sand      | 70-886 Green Grey     |
| Canteen                           |                                    | -                        | 70-880 Khaki Grey       | 70-993 Flat Aluminium |

**Tip 1:** Despite what some guides use to state, do **never** paint helmets as bare metal. Helmet manufacturers always delivered their product as painted.

**Tip 2:** If your base coat uses to be darker than ultimate look, then go for 70-921 for figures tunic; otherwise, it would be advisable to choose 70-873 instead.
