301: Marine Infantry Regiment

"Regimento da Armada"

A first marine infantry corps was created in 1621, under the name of *Terço da Armada Real*. After Portugal regained independence from Spain, this elite unit also performed as royal guard. When king João V reorganized the Portuguese Army in 1707, the *Terço* was reorganized as *Regimento da Armada.* Later the Marine corps was split in two regiments, 1st and 2nd, being also added an Artillery regiment.
